We designed this Zoom workshop for AA members who are exploring sponsorship, whether as sponsors or as sponsees.

Topics of interest to a new <u>sponsee</u> include why working with a sponsor is critical to our recovery, the historical roots of sponsorship, how to select a sponsor, how to develop a working relationship with your sponsor, and frequently asked questions.

Topics of interest to a new <u>sponsor</u> include how being a sponsor helps our own recovery, how to set expectations and boundaries, how to guide someone through the steps, challenges that you may encounter, common mistakes to avoid, and available resources.

<u>Sponsorship Statement</u>: Most people are unable to recover from alcoholism through their own efforts. Asking for guidance from a sponsor is calling our higher power into action. Sponsoring another member allows us to show how our experience can benefit others.
